

MBC Newsletter - October

This is the first Newsletter of the winter season and we are looking forward to the various activities organised.

One of the most important is the Annual General Meeting and if you have any proposals you want to put forward they will have to be with Mrs Vi Brown by the 30 November.

One change that has already been made is that Arthur Crichton, who has looked after the green for a long time, has retired. We have appointed a new greenkeeper - Ewan Rossie. He has already been busy and the green has been seeded and fertilised for the winter. He will try and sort out the corner that has been a problem for sometime.

The Presentation Dance is to be held on Saturday 24 November. There will not be a meal, but there will be a band. This dance is free but there will be a raffle to defray costs. List on board.

Friday 14 December is the date of the Ladies Christmas Party. As usual the Ladies Committee will be doing a "party piece".

The Members Christmas Party is on Sunday 16 December - which gives the ladies time to recover from the Friday 'do'. There will be more information about this on the notice board later.
